# YOSUKE KONO

040-6284-641 | real.menver@gmail.com | Brisbane, QLD 4000
**LinkedIn**: www.linkedin.com/in/yosukekono | **Github**: https://github.com/YosukeKono0101

Motivated computer science master's graduate from Queensland University of Technology with entry-level experience in full-stack web development. Proficient in using modern web development frameworks and tools to deliver high-quality solutions. Demonstrated ability to scope projects, define requirements, improve functionalities, and resolve bugs. Seeking a software or web developer position to leverage my skills in delivering innovative solutions to meet business needs.

## SKILLS

JavaScript | C# | PHP | Laravel | React | Node | Vue | Express | MySQL | MongoDB | Docker | Git | AWS

Adaptability and Eagerness to Learn | Effective Communication and Teamwork | Problem-Solving

## EXPERIENCE

FONSEKA **Brisbane, Australia**
**Junior Web Developer** Jul 2024 - Present
**Junior Web Developer Intern** Feb 2024 - Jul 2024

- Primarily use the Laravel framework and MySQL for the backend, and Vue.js or React for frontend development, working on 2+ projects.
- Scope projects and define requirements for new features, including necessary database attributes, model relationships, and controllers.
- Design and deploy a ticket management system with Stripe integration. Successfully launched the feature, which is used by over 200 users within the first month, leading to a significant increase in user satisfaction as evidenced by positive feedback.
- Improve functionalities and resolve bugs in existing services.
- Upgrade frameworks and dependencies for existing projects to ensure system stability and security.
- Perform unit tests and calculate coverage to maintain code quality and reliability.
- Work closely with a team of 5 members to ensure smooth project development and alignment with design and project objectives.

CityRoute Hotel **Osaka, Japan**
**Receptionist** Nov 2022 - Mar 2023

**The employment from November 2022 to March 2023, coincided with my summer break as a student in Australia, allowing me to work until the start of the new semester in March.**

- Managed check-ins and check-outs for international guests, ensuring a smooth and personalized experience.
- Created English versions of hotel guides, brochures, and room descriptions to improve accessibility for international guests.
- Worked closely with a diverse team of front desk staff, housekeepers, and management to deliver exceptional customer service.

# PROJECTS

**Portfolio Website** (https://yosukekono0101.github.io/Portfolio)

**Music Discovery & Event Hub Web Application** (https://github.com/YosukeKono0101/HarmonyHub)

- Conceived and developed a comprehensive platform for music enthusiasts to access a wide array of artist information and concert details.
- Facilitated artist discovery with features for top tracks, albums, and concert searches.
- Integrated with LastFM, Ticketmaster, Google Places, and Wikipedia APIs for real-time data retrieval and display.
- Implemented a recommendation system for dining options near concert venues.
- Utilized: Employed HTML, CSS (Bootstrap), JavaScript, Node.js, Express.js, RESTful APIs, AWS S3 for page counter functionality, Docker

**Fitness Exercise Explorer Web Application** (https://github.com/YosukeKono0101/MuscleMap)

- Developed a React-based application dedicated to helping users explore and learn different physical exercises.
- Provided a rich database of exercise instructions, including videos and detailed guides tailored to specific muscle groups and equipment.
- Integrated related exercise recommendations to promote varied and targeted workout plans.
- Ensured an engaging and consistent user experience across devices with a fully responsive design.
- Utilized: HTML, CSS, JavaScript, React, Styled-Components, React Router, React Slick, React Spinner

---

# EDUCATION

**Queensland University of Technology**                                                                    **Brisbane, QLD**
Master of Information Technology in Computer Science                                                       June 2024
